MONTGOMERY COUNTY BOARD OF ELECTIONS

VISION

On behalf of the people of Montgomery County, Maryland, we proudly conduct elections with accuracy, integrity, and dignity.

MISSION

Our mission is to:

Provide the opportunity and the means for participation in the election process;

Be effective, efficient, and responsive to customer needs through continuous improvement;

Achieve open communication through teamwork and a spirit of goodwill;

Support educational and training opportunities to produce quality work;

Ensure legal requirements are met and applied consistently; and

Work together to pursue and achieve excellence.

VALUES

We demonstrate and support the following values:

- Integrity
- Responsibility
- Accuracy
- Respect for All
- Ethical Conduct
- Commitment to Customer Service
- Efficiency

MEDIA GUIDELINES

The Montgomery County Board of Elections provides this set of guidelines to ensure the orderly conduct of elections, and to protect the rights of voters and candidates alike. Although the guidelines may seem elementary, we ask that you observe them closely. If you have any questions, or require additional information, please call Marjorie Roher at 240-777-8525.

Guidelines for Covering Activity at a Polling Place

- Contact Marjorie Roher, at 240-777-8525, at least 72 hours in advance of your Early Voting or Election Day coverage to arrange for media credentials.
- Upon entering the voting area, contact one of the Chief Judges, located at the Voter Assistance table. These persons have supervisory authority in the polling place and are the individuals to whom you should make your presence known. Be prepared to present your media credentials.
- Do not converse with any voter in the voting area.
- Although you may take pictures in the polling place during voting hours, you must first confer with the Chief Judge regarding camera placement, lighting, etc.
- Do not disrupt the voting process of the work of the polling place staff.
- Do not in any way compromise or endanger the secrecy of a voter's ballot (e.g., taking a picture in such a way as to show how a ballot was voted).
- Your presence in the polling place is authorized for media coverage only. Please leave promptly after completing your work.

Guidelines for Exit Polling

- Pollsters are not permitted in the voting room.
- Pollsters are not permitted to ask questions of a voter until the voter has left the voting room.
- Pollsters must inform the voters that their participation in the poll is voluntary.
- Pollsters are not permitted to electioneer. Therefore, the electioneering limits set forth in Section 16-206(b)(2) of the Election Law do not apply.

Located at: 18753 North Frederick Avenue, Suite 210 • Gaithersburg, Maryland 20879
240/777-8500 • MD Relay 1-800-735-2258 • FAX 240/777-8505
E-mail: elections@montgomerycountymd.gov • Web Site: www.777vote.org

Who Is Authorized to Be Present in the Polling Place?

Under the Election Code, the following individuals (and ONLY the following individuals) are permitted access to the voting room at a polling place:

- A voter;
- An individual who accompanies a voter in need of assistance;
- An individual under the age of 18 who accompanies a voter;
- Members of the polling place staff;
- Members or representatives of the State Board of Elections or the county board of elections;
- Any accredited challenger/watcher (see below); and
- Any other individual authorized by the State Board of Elections or the county board of elections.

The State Board's regulations give express permission to representatives of the print and electronic media to be present in a polling place, and to use cameras there, as long as their activities do not cause disruption, infringe on voter privacy, inhibit election judges from performing their duties, or otherwise interfere with the orderly conduct of the election. Cell phones, pagers, or other audible electronic devices may not be used in a polling place by anyone (including a representative of the media) other than an election official or law enforcement officer acting in an official capacity.

State Board regulations also permit members of the media or others to conduct exit polling, whether by questionnaire or interview, within the "no electioneering" zone outside a polling place, as long as pollsters do not enter the voting room, do not ask questions of a voter until the voter has left the voting room, tell each voter being surveyed that the voter's participation is voluntary, and do not electioneer.

Challengers/Watchers

The Election Code specifically authorizes the State and local election boards, candidates, recognized political parties, and other groups supporting or opposing a candidate or question on the ballot to designate registered voters as challengers or watchers. The board, candidate, party, or group designating a challenger or watcher must accredit the challenger/watcher by signing a certification form provided by the State Board of Elections. An accreditation certificate must bear the signature of an authorized officer of the designating authority, but the signature need not be an original. If the election judges have any question about the accreditation of a challenger/watcher, the chief judge should contact the local election director to perform any verification; meanwhile, the individual should be permitted to remain in the polling place.

It has been the practice to permit any candidate or party to designate more than one challenger/watcher for a particular polling place. The election judges retain ultimate authority, however, to limit the number of challengers/watchers as necessary to assure the orderly flow of election business. When imposing a limit, election judges should be careful to restrict all candidates, parties, and other groups equally.

A challenger or watcher has the right to:

- Enter the polling place more than 30 minutes before the polls open;
- Be present in the polling place whenever the polls are open;
- Be positioned near the election judges so that he/she may see and hear each person who offers to vote;
- Remain in the polling place after the polls close, until the election judges leave;
- Maintain a list of registered voters who have voted and take the list outside the polling place; and
- Enter and leave the polling place to take out information that indicates registered voters who have cast ballots.

Challengers/watchers are expressly prohibited from:

- Ascertaining how a voter voted or intends to vote;
- Conversing in the polling place with any voter;
- Assisting any voter in voting; or
- Physically handling any original election document.

If a challenger or watcher violates any of these prohibitions, an election judge may eject the challenger/watcher from the polling place. A challenger/watcher may challenge the right of any person to vote, but only on the grounds that the challenged individual is not the registered voter he or she claims to be. The challenger must be prepared to state, under oath, a reason for believing that the particular voter is claiming a false identity. The challenger/watcher may NOT routinely question voters.

If you do not have a *Challenger and Watcher Certificate*, you are considered a “nonaccredited challenger and watcher.” Nonaccredited challengers and watchers are permitted in a polling place for one purpose – to challenge an individual voter’s right to vote. The **only** ground on which a challenge can be made is a challenge to the voter’s identity (*i.e.*, that the voter is not who he or she says he or she is). Once the challenged voter shows ID or you and the challenged voter complete the required paperwork, you must leave the polling place.

If the individual does not present one of the forms of ID, the chief judge will:

- Require you to provide, in writing and under penalty of perjury, the reason for the challenge (see Appendix B for the *Affidavit for Challenger and Challenged Voter*);
- Offer the challenged voter the opportunity to cast a provisional ballot and submit a signed statement, witnessed by the election judge, of his or her identity; and
- Submit to the local board of elections the provisional ballot and other materials related to the challenge.

During the provisional ballot canvass (held on the second Wednesday after the election), the local board of canvassers will determine, based on the information submitted by you and the challenged voter, whether the voter is whom he or she claims to be and is otherwise qualified to vote. The voter is permitted to submit identification in accordance to regulations to respond to the identity challenge for the Provisional Canvass.

As a member of the media, or as a challenger and watcher, you do **not** have the right to challenge an act of an election judge. If, however, you are certain that an election judge either improperly performed a task or neglected to perform a required task, you should notify the local board of elections or follow the instructions provided by the individual or entity who designated you as a challenger and watcher.

MEMORANDUM

TO: All Boards of Elections

FROM: Linda H. Lamone, Administrator

DATE: February 17, 2012

SUBJECT: EXIT POLLING

EXIT POLLING is permitted at Maryland polling places under the following conditions:

- 1. Pollsters are not permitted in the voting room.**
- 2. Pollsters are not permitted to ask questions of a voter until the voter has left the voting room.**
- 3. Pollsters must inform the voters that their participation in the poll is voluntary.**
- 4. Pollsters are not permitted to electioneer.**
- 5. Pollsters therefore are not subject to the electioneering limits set forth in the Election Law Article, Section 16-206.**

Should you have questions regarding exit polling, please do not hesitate to contact me.

Board of Elections
Montgomery County
MARYLAND

ELECTION OBSERVER GUIDELINES

The purpose of an Election Observer is to provide an avenue for public observation and input into the election process. By promoting public participation, it ensures integrity and voter confidence in the electoral process.

ELECTION NIGHT OBSERVERS

CHECK IN PROCEDURES

1. All observers must report and sign in at the reception desk located at 18753 N. Frederick Avenue, Suite 210, Gaithersburg, MD 20879.
2. An Election Observer Badge will be issued and must be worn at all times.
3. Observers will be escorted to a viewing area and, when ready to leave, will be escorted back to the reception desk where they will return their issued badge.

GENERAL RULES

1. No observer shall interfere with the orderly processing of Election Day supplies.
2. Observers will be permitted access to a designated observation area(s), sufficiently close to enable them to observe established procedures.
3. On election night radios, cameras, cell phones, blackberries or other forms of PDAs, and tape recorders are allowed in the observation area only. Additionally, pagers and cellular phones must be set to vibrate or off mode while observing the canvass.
4. Backpacks, briefcases, and large purses are allowed in the observation room on election night.
5. The individual's function is to observe that procedures are followed. Observers cannot assist in operations or handle any election related materials.
6. All questions concerning a procedure must be directed to a Board Representative or the Public Information Officer.

7. The number of observers may be limited so as not to interfere with the process. Observers must avoid physical contact with employees.
8. Operations will continue as scheduled whether or not an observer is present.
9. Observers must remain in the area they were assigned. If you are found unsupervised in an area that you were not assigned, you will be escorted from the building.

CANVASS OBSERVERS

The no excuse absentee, provisional, and overseas ballots are counted during special canvass sessions held during the weeks following the election. The results of the canvasses are then included with the Election Day totals and released as the official election results. The canvasses, which are open to the public, begin at 10 a.m. and are held at the Montgomery County Board of Elections, 18753 N. Frederick Avenue, Suite 105, in Gaithersburg. Canvasses for the 2012 Presidential Primary Election begin on: Absentee Canvass I, April 5; Provisional Canvass, April 11; and Absentee Canvass II, April 13. Canvasses for the 2012 Presidential General Election begin on: Absentee Canvass I, November 8; Provisional Canvass, November 14; and Absentee Canvass II, November 16.

CHECK IN PROCEDURES

1. All observers must report and sign in at the reception desk located at 18753 N. Frederick Avenue, Suite 105, Gaithersburg, MD 20879.
2. An Election Observer Badge will be issued and must be worn at all times.
3. Observers will be escorted to viewing area and, when ready to leave, will be escorted back to the reception desk where they will return their issued badge.

GENERAL RULES

1. No observer shall interfere with the orderly processing of absentee or provisional ballots, including touching or handling of the ballots or envelopes.
2. Observers will be permitted access to a designated observation area(s), sufficiently close to enable them to observe established procedures.
3. During the canvass period radios, cameras, cell phones, blackberries or other forms of PDAs, pagers, and cellular phones are **NOT PERMITTED** to be used in the canvass room unless under the direct supervision of the Public Information Officer. Additionally, pagers and cellular phones must be set to vibrate or off mode while observing the canvass.
4. The individual's function is to observe that procedures are followed. Observers cannot assist in operations or handle any election related materials.

5. All questions concerning a procedure must be directed to Board Counsel or the Public Information Officer. No communication between canvass workers and observers will be allowed regardless of the topic. If you are seen communicating directly with a canvass worker, you will be asked to leave.
6. The number of observers may be limited so as not to interfere with the process. Observers must avoid physical contact with employees.
7. Observers will be allowed into the observation area only after employees are present.
8. Operations will continue as scheduled whether or not an observer is present.
9. Observers must remain in the area they were assigned. If you are found unsupervised in an area that you were not assigned, you will be escorted from the building.
10. **No food or drinks will be allowed in the canvass area around any ballots. We kindly ask observers to eat and drink at a local restaurant in our area during breaks.**

HELPFUL HINTS FOR OBSERVERS

1. Wear comfortable shoes as you may be standing for periods of time.
2. Please refrain from wearing strong perfume or aftershave while observing.
3. If staff can hear you breathe, back up, you're too close.

BALLOT HANDLING CHALLENGES

1. Observers shall be permitted to observe and challenge the manner in which the ballots are handled, from the processing of the ballot return envelopes through the counting and disposition of the ballots.
2. Observers may not challenge signatures on oaths.
3. Observers may challenge whether the individuals handling ballots are following established procedures.

FREQUENTLY ASKED QUESTIONS

How many registered voters are in Montgomery County?

As of January 1, 2012, there were 601,254 registered voters.

Who may vote in a Primary Election?

The Primary Election is a closed Primary, meaning that a voter is only allowed to vote the ballot for the primary in which they are voting. Party affiliation is indicated on the ballot in the General Election. Board of Education candidates are non-partisan and appear on Democratic, Republican, and Non-Partisan primary ballots. Write-in candidates are only allowed in the General Election.

Where will election results be released?

Early Voting results will be posted on the Board of Elections' website – www.777vote.org – on Election Day as soon after 8:00 p.m. as possible.

Election Day precinct results will be posted on the Board of Elections' website – www.777vote.org – beginning at 9:20 p.m. Final results will be posted following State certification.

A viewing center for the media has been established at the Board of Elections' office at 18753 N. Frederick Avenue, Suite 210, in Gaithersburg. Interested persons should contact Marjorie Roher at 240-777-8525 for additional information and instruction.

How do I arrange to interview a Board Member or representative of the Board of Elections?

Election Day interviews are scheduled at the request of the media. For specific media locations, or to arrange for an interview on Election Day, please contact Marjorie Roher at 240-777-8525.

May I take photographs inside the polling place?

Yes. You must check in with the Chief Election Judge and follow all regulations provided in the **"Media Guidelines"** section of this manual. You may **NOT** take close up shots showing how a voter is registering his vote. Photographs may only be taken from a distance and, at no time, are you allowed to interfere with the voting process.

May I conduct "man on the street" interviews in a polling place?

No. All interviews, unless prearranged by the Board of Elections, must be conducted outside of the polling place. Specific information is contained in the **"Media Guidelines"** section of this manual.

If you have other questions, please contact Marjorie Roher at 240-777-8525.

WHAT'S NEW SINCE THE LAST PRESIDENTIAL ELECTION?

Voting Options – The range of voting options available to all voters to cast a ballot in the 2010 Gubernatorial Election include: 1) voting early at one of five designated voting centers; 2) requesting a no excuse absentee ballot to vote by mail; 3) voting at the Board's Gaithersburg Office during the entire absentee voting period (from approximately thirty days prior to the election through Election Day); or 4) going to the designated neighborhood polling place to vote on election day.

Early Voting: In 2008 Maryland voters affirmed a Constitutional Amendment implementing early voting effective with the 2010 Gubernatorial elections. What is early voting? Early voting provides the voter with an opportunity to vote in advance of Election Day on the same equipment that will be utilized on Election Day by visiting an Early Voting Center located in their jurisdiction. Voters may choose any of the five Centers most convenient to their normal routine at which to vote. Votes cast during early voting are tabulated on Election Day and released as a separate total prior to the release of Election Day totals.

Early Voting Dates:

Primary Election: March 24 – 29, 2012

General Election: October 27 – November 1

Early Voting Hours: 10 a.m.–8 p.m., except Sunday – 12 noon–6 p.m.

Early Voting Locations:

Bauer Drive Community Recreation Center, 14625 Bauer Drive,
Rockville 20853

Germantown Recreation Center, 18905 Kingsview Road, Germantown
20874

Marilyn J. Praisner Community Recreation Center, 14906 Old
Columbia Pike, Burtonsville 20866

Montgomery County Executive Office Building, 101 Monroe Street,
Rockville 20850

Silver Spring Civic Building, One Veteran's Place, Silver Spring 20910

Important Websites: For additional information, please visit the Board's website (www.777vote.org) and the Maryland State Board of Elections' website (www.elections.state.md.us). Early Voting results will be posted as soon after 8 p.m. as possible on election night. Up-to-the-minute Montgomery County Election Day results will be available election night beginning at 9:20 p.m. at www.777vote.org. On the site is a link to statewide results provided by the State Board of Elections.

If you have questions or suggestions for items you would like to see in future election information kits please send an email to margie.roher@montgomerycountymd.gov) or call 240-777-8525 to let us know your thoughts. Working together, we can make the electoral process more understandable to the voters of Montgomery County.

ABSENTEE BALLOT INFORMATION (HOW TO, TRENDS, COUNTING)

An Interesting History.....Absentee voting goes back a long way. In fact it all began during the Civil War when the first absentee ballots were allowed by the North for the soldiers and sailors. Universal absentee voting began in 1978. Prior to 1978, absentee ballots were available only to the ill and disabled, those who lived too far from the polls and other special circumstances. As a result of the change in legislation allowing any person unable to vote in their polling place on Election Day to vote absentee, it has become a very popular means to cast a ballot. For the 2008 General Election 56,283 absentee ballots were requested and 50,878 absentee ballots were cast; for the 2010 General Election 27,247 absentee ballots were requested and 20,304 absentee ballots were cast.

No excuse absentee ballots may be requested in one of three ways:

- By letter to the Montgomery Board of Elections, P.O. Box 10159, Rockville, MD 20849-10159;
- By downloading the absentee voting application from the Board's website, www.777vote.org and either mailing it to the P.O. Box listed above or faxing it to 240-777-8590; or
- In person at the Gaithersburg office – 18753 N. Frederick Avenue, Suite 210, Gaithersburg, Maryland 20879.

No excuse absentee ballots cannot be requested over the telephone as the voter's signature is required.

The following provides a list of remedies if you apply for a no excuse absentee ballot and have not received it within a week after mailing your application.

- Request a replacement no excuse absentee ballot be mailed;
- Vote at the Board of Elections during the no excuse absentee voting period (from 29 days prior to the election through election day);
- Vote at your neighborhood polling location.

Under special circumstances a voter may request an emergency absentee ballot beginning Wednesday, October 31, 2012, through Election Day. The Board of Elections office will be open during the hours noted below. For additional information regarding this service, or any questions regarding absentee voting, you may call 240-777-8500 between the hours of 8:30 a.m. and 5 p.m., Monday through Friday.

GENERAL ELECTION:	Weekdays from 8:30 a.m. to 5 p.m.
	Saturday, October 13, from 1 p.m. to 5 p.m.
	Saturday, October 27, from 10 a.m. to 8 p.m.
	Sunday, October 28, from 12 p.m. to 6 p.m.
	October 29 – November 1, from 8:30 a.m. to 8 p.m.
	Saturday, November 3, from 10 a.m. to 4 p.m.

PROVISIONAL VOTING IN THE STATE OF MARYLAND

The Provisional Ballot is a safeguard to ensure that no individual who asserts that he or she is registered and eligible to vote is prevented from casting a ballot on Election Day. The Provisional Ballot is only counted after the local Board of Elections has reviewed the Provisional Ballot Application and made a determination that the individual is registered and eligible to vote. The Provisional Ballot is not an alternative to the electronic voting equipment. The voter must be eligible to receive a Provisional Ballot. A Provisional Ballot cast by a voter who is ineligible to vote provisionally will be rejected.

1. **Who Votes a Provisional Ballot?** A person who believes he/she is registered to vote in the State of Maryland and is eligible to vote.
2. **Which Provisional Ballots will be counted?** The Board of Canvassers confirms the person is a registered voter in the State of Maryland, is eligible to vote, and was
 - a. not listed on the Precinct Register, or
 - b. listed on the Precinct Register but indicated a change of address, or
 - c. listed on the Precinct Register but claims to have a different party affiliation (Primary Election only), or
 - d. listed in the Precinct Register as an Absentee Voter (ABS), or
 - e. listed in the Precinct Register as an Identification Required Voter (ID) and unable to provide valid or current identification to qualify for a regular electronic ballot, or
 - f. not eligible to vote in the non-partisan Board of Education race (applies only to seventeen year olds who will turn eighteen on or before November 6, 2012), or
 - g. challenged on their right to vote.

State of Maryland

Provisional Ballot Application & Instructions

Overview

Provisional voting allows someone who thinks that he or she is an eligible voter to vote. A provisional ballot is counted if your local board of elections determines that the person is registered and eligible to vote in Maryland. Provisional ballots are counted even if they will not change the outcome of an election.

Why am I voting a provisional ballot?

- *You are not listed on the precinct register.* This usually happens if you are not registered to vote or you moved and did not update your voter registration.
- *You did not provide ID.* You were asked for ID but you did not show it to an election official. You need to show ID because you are voting for the first time in Maryland and have not previously met the ID requirements. You must provide ID to your local board of elections before 10 am on the 2nd Wednesday after election day. Acceptable forms of ID are:
 - a. A copy of a current and valid Maryland driver's license or MVA-issued ID card, student, employee, or military ID, U.S. passport; or
 - b. A copy of a current utility bill, bank statement, government check, paycheck, or other government document with your name and current address (the same address you provided on your provisional ballot application). Current means that the document is dated within 3 months of the election.
- *Your voter registration is pending because you did not provide an ID number on your voter registration application or the number you provided could not be verified.* To complete your registration, you must show ID or provide an ID number that is verified by the MVA or Social Security Administration. ID or an ID number must be provided to your local board of elections before 10 am on the 2nd Wednesday after election day. Acceptable forms of ID are listed above.
- *You are not eligible to vote a regular ballot because either:*
 - a. You moved more than 21 days before election day (shown by your inability to sign the Voter Update Form), did not notify election officials, and showed up to vote at the polling place for your prior address.
 - b. The precinct register shows that you already received an absentee ballot for this election or have already voted. If you have not already voted, your provisional ballot will be counted. Voting or trying to vote more than once is against the law, and if you do this, you will be referred to law enforcement agencies for further investigation.
- *Your right to vote was challenged and you did not show ID.* Your provisional ballot will count if your local board of elections determines that you are the person you say you are. You may wish to contact your local board of elections and provide ID.

How do I vote by provisional ballot?

Follow the instructions on the back side of this page. If you have any questions, ask an election judge.

Can someone help me with voting?

If you have a disability or are unable to write or read, you may have someone help you with the application and the ballot. Anyone can assist you except: a candidate who is on your ballot, your employer or agent of your employer, an officer or agent of your union, or an accredited challenger or watcher. You may also have two election judges assist you. The person helping you can fill out the application, sign it for you if you cannot sign, and vote the ballot according to your instructions. Your assistant cannot try to influence you and must sign a *Certification of Person Assisting Voter* provided by an election judge.

Will my provisional ballot count?

Provisional ballots are counted even if they will not change the outcome of an election. Counting starts on the 2nd Wednesday after the election. Your ballot will be counted at that time if you are a registered voter, were eligible to vote by provisional ballot, and met any other applicable requirements (see above).

For some voters, only part of the provisional ballot will count. This is because the voter either voted in the wrong county during early voting or at the wrong polling place on election day. For these voters, only those contests or ballot questions that appear on the ballot where he or she lives will be counted.

How do I fill out the application?

Part I must be completed even if you are already registered to vote. This information is used to confirm that you are registered to vote and to update any information that has changed. If you are not registered, this information will be used to register you to vote for future elections. Please follow the specific instructions below:

- #6: Complete the appropriate box.
 - o #6a: If you have a current, valid Maryland driver's license or MVA ID card, write the number in #6a and go to #7. If you do not have a current, valid Maryland driver's license or MVA ID card, go to #6b.
 - o #6b: If have a social security number, write the last 4 digits of your social security number in #6b and go to #7. If you do not have a social security number, go to #6c. Election Law Art., § 3-202 authorizes elections officials to ask for last 4 digits of your social security number. The number will only be used for registration and other administrative purposes, and it will be kept confidential.
 - o #6c: If you do not have a current, valid Maryland driver's license, MVA ID card, or social security number, check the box in #6c and go to #7.
- #9: If you want to change your party affiliation, select your new party. If you are voting in a primary election, you cannot vote today in your new party's primary election. Your party change will be made after this election and will be in effect for future elections.
- #12: Sign and date.

Part II must be signed for your provisional ballot to count.

- #1: Check whether this is a primary or general election. If it is a primary election, check whether you are now affiliated with the Democratic Party, Republican Party, or Other (which indicates that you are not affiliated with a party or are affiliated with a party other than the Democratic or Republican Party). You must check your current political party. If you check a party other than your current political party, your ballot will not be counted.
- #2: Review the important notices regarding legal requirements and the penalties for voting an unlawful provisional ballot.
- #3: Sign and date. If you do not sign, your ballot will not count.

Make sure that your application is complete and that you signed and dated **both Part I and Part II**. Return to the election judge who will give you a ballot.

How do I vote the ballot?

Review your ballot before voting. If both sides are printed, vote both sides. If there are four columns on a side, vote all four columns.

- Use only the pen or pencil given to you. Marks by other pens or pencils may not be accurately counted.
- To vote, completely fill in the oval to the left of your choice. If you have filled in the oval and want to make a change, ask for another ballot. Do not erase or cross out the mark; it may void your vote.
- Do not vote for more candidates than the number listed above each contest. If you wish, you may vote for fewer than this number but not more.
- In a general election, you can cast a write-in vote. To cast a write-in vote: (1) find the designated space for write-in votes in the contest where you want to cast a write-in vote; (2) write the first and last name or at least the initial of the first name and full last name of the person for whom you wish to vote, and (3) completely fill in the oval to the left of the name you have written.
- Do not make any other marks on the ballot.

What do I do next?

Once you have voted your ballot, place the ballot inside the envelope (behind the application) and seal the envelope. Put your application (with voted ballot inside) where the election judge told you to put it.

Will my votes be secret?

Yes. Your ballot will stay sealed in the envelope until your local board of elections has reviewed your application. If your local board concludes that your ballot should be counted, your ballot will be removed and immediately separated from your application so that your votes will be kept secret.

Can I find out if my ballot was counted?

Yes. Visit www.elections.state.md.us or call 1-800-222-8683 to find out if your provisional ballot was counted and, if not, the reason why it was not counted. This information is available 10 days after election.

OFFICIAL BALLOT
PRESIDENTIAL GENERAL ELECTION
NOVEMBER 6, 2012
STATE OF MARYLAND, MONTGOMERY COUNTY

PAGE 1 / PÁGINA 1

PAPELETA ELECTORAL OFICIAL
ELECCIÓN GENERAL PRESIDENCIAL
6 DE NOVIEMBRE DEL 2012
ESTADO DE MARYLAND, CONDADO DE MONTGOMERY

INSTRUCTIONS

To vote, completely fill in the oval ☐ to the left of your choice(s). Mark only with a #2 pencil. DO NOT ERASE. If you make a mistake you may request a new ballot. If your vote for a candidate or question is marked in such a manner that your intent is not clearly demonstrated, your vote for that office may not be counted. To protect the secrecy of your vote, do not put your name, initials, or any identifying mark on your official ballot.

To vote for a candidate whose name is not printed on the ballot, write in the name of the candidate on the designated write-in line under that office title and completely fill in the oval ☐ to the left of the write-in candidate's name.

INSTRUCCIONES

Para votar, rellene completamente el óvalo ☐ a la izquierda de su(s) elección(es). Marque solamente utilizando un lápiz #2. NO BORRE. Si comete un error, podría solicitar una nueva papeleta electoral. Si su voto por un candidato o pregunta está marcado de tal manera que su intención no es claramente demostrable, su voto por ese cargo podría no ser contado. Para proteger el secreto del voto, no escriba su nombre, sus iniciales o cualquier marca distintiva en la papeleta electoral oficial.

Para votar por un candidato cuyo nombre no está impreso en la papeleta, escriba el nombre del candidato en el espacio designado para el voto escrito, bajo el título del cargo, y rellene completamente el óvalo ☐ a la izquierda del nombre del candidato que está agregando.

PAPELETA ELECTORAL OFICIAL
ELECCIÓN GENERAL PRESIDENCIAL
6 DE NOVIEMBRE DEL 2012
ESTADO DE MARYLAND, CONDADO DE MONTGOMERY

INSTRUCTIONS

To vote, completely fill in the oval ☐ to the left of your choice(s). Mark only with a #2 pencil. DO NOT ERASE. If you make a mistake you may request a new ballot. If your vote for a candidate or question is marked in such a manner that your intent is not clearly demonstrated, your vote for that office may not be counted. To protect the secrecy of your vote, do not put your name, initials, or any identifying mark on your official ballot.

To vote for a candidate whose name is not printed on the ballot, write in the name of the candidate on the designated write-in line under that office title and completely fill in the oval ☐ to the left of the write-in candidate's name.

INSTRUCCIONES

Para votar, rellene completamente el óvalo ☐ a la izquierda de su(s) elección(es). Marque solamente utilizando un lápiz #2. NO BORRE. QUESTION 1
Constitutional Amendment
(Ch. 394 of the 2011 Legislative Session)
Qualifications for Prince George's County
Orphans' Court Judges

(Amending Article IV, Section 40 of the Maryland Constitution)

Requires judges of the Orphans' Court for Prince George's County to be admitted to practice law in this State and to be a member in good standing of the Maryland Bar.

PREGUNTA 1
Enmienda Constitucional
(Cap. 394 de la Sesión Legislativa del 2011)
Requisitos para los Jueces del Tribunal de
Huérfanos del Condado de Prince George

(Artículo Modificatorio IV, Sección 40 de la Constitución de Maryland)

Requiere que los jueces del Tribunal de Huérfanos del Condado de Prince George puedan ejercer la ley en este Estado y que sean miembros de prestigio de la Asociación de Abogados de Maryland.

- ☐ For the Constitutional Amendment /
A favor de la Enmienda Constitucional
- ☐ Against the Constitutional Amendment /
En contra de la Enmienda Constitucional

QUESTION 2
Constitutional Amendment
(Ch. 146 of the 2012 Legislative Session)
Qualifications for Baltimore County Orphans'
Court Judges

(Amending Article IV, Section 40 of the Maryland Constitution)

Requires judges of the Orphans' Court for Baltimore County to be admitted to practice law in this State and to be a member in good standing of the Maryland Bar.

PREGUNTA 2
Enmienda Constitucional
(Cap. 146 de la Sesión Legislativa del 2012)
Requisitos para los Jueces del Tribunal de
Huérfanos del Condado de Baltimore

(Artículo Modificatorio IV, Sección 40 de la Constitución de Maryland)

Requiere que los jueces del Tribunal de Huérfanos del Condado de Baltimore puedan ejercer la ley en el Estado y que sean miembros de prestigio de la Asociación de Abogados de Maryland.

- ☐ For the Constitutional Amendment /
A favor de la Enmienda Constitucional
- ☐ Against the Constitutional Amendment /
En contra de la Enmienda Constitucional

QUESTION 3
Constitutional Amendment
(Ch. 147 of the 2012 Legislative Session)
Suspension and Removal of Elected Officials

(Amending Article XV, Section 2 of the Maryland Constitution)

Changes the point at which an elected official charged with certain crimes is automatically suspended or removed from office. Under existing law, an elected official who is convicted or pleads no contest is suspended and is removed only when the conviction becomes final. Under the amended law, an elected official is suspended when found guilty and is removed when the conviction becomes final or when the elected official pleads guilty or no contest.

PREGUNTA 3
Enmienda Constitucional
(Cap. 147 de la Sesión Legislativa del 2012)
Suspensión y Retiro de Funcionarios Elegidos

(Artículo Modificatorio XV, Sección 2 de la Constitución de Maryland)

Modifica el punto en el cual el funcionario electo acusado de ciertos delitos es automáticamente suspendido o retirado de sus funciones. De conformidad con la ley vigente, un funcionario electo que es condenado y no presenta impugnación será suspendido y retirado únicamente cuando se emita la decisión final de condena. De acuerdo con la ley modificada, un funcionario electo será suspendido si se le encuentra culpable y será retirado cuando se emita la decisión final de condena o cuando el funcionario electo se declare culpable o no presente impugnación.

**PAPELETA ELECTORAL OFICIAL
ELECCIÓN GENERAL PRESIDENCIAL
6 DE NOVIEMBRE DEL 2012
ESTADO DE MARYLAND, CONDADO DE MONTGOMERY**

**QUESTION 4
Referendum Petition
(Ch. 191 of the 2011 Legislative Session)
Public Institutions of Higher Education -
Tuition Rates**

Establishes that individuals, including undocumented immigrants, are eligible to pay in-state tuition rates at community colleges in Maryland, provided the student meets certain conditions relating to attendance and graduation from a Maryland high school, filing of income taxes, intent to apply for permanent residency, and registration with the selective service system (if required); makes such students eligible to pay in-state tuition rates at a four-year public college or university if the student has first completed 60 credit hours or graduated from a community college in Maryland; provides that students qualifying for in-state tuition rates by this method will not be counted as in-state students for purposes of counting undergraduate enrollment; and extends the time in which honorably discharged veterans may qualify for in-state tuition rates.

**PREGUNTA 4
Petición de Referéndum
(Cap. 191 de la Sesión Legislativa del 2011)
Instituciones Públicas de Educación Superior -
Cuotas de Inscripción**

Dispone que las personas, incluyendo a los inmigrantes indocumentados, sean elegibles para pagar las cuotas de inscripción como residentes del estado (matrícula estatal) en los colegios de la comunidad (Community College) de Maryland, siempre y cuando los estudiantes cumplan con los siguientes requisitos: Haber asistido y graduado de una escuela de educación secundaria de Maryland, haber declarado impuestos, tener la intención de aplicar para obtener la residencia permanente, así como la inscripción en el servicio militar (si se requiere). De cumplir estos requisitos dichos estudiantes podrían ser elegibles para pagar las cuotas de inscripción como residentes del estado de Maryland (matrícula estatal) en un colegio de universidad pública de cuatro años una vez que el estudiante haya completado previamente 60 horas o se haya graduado de un colegio de la comunidad (Community College) en Maryland. Sin embargo aquellos estudiantes que califiquen bajo estas condiciones no serán considerados bajo la categoría de residentes del estado para fines de inscripción. Esta ley amplía el tiempo en el cual los veteranos dados de baja con honores, pueden calificar las cuotas de inscripción como residentes del estado.

Petición de Referéndum
(Cap. 1 de la Sesión Especial del 2011)
Plan de Distritos Electorales**

Establece las fronteras de los ocho Distritos del Congreso de los Estados Unidos del Estado en base a las recientes cifras del censo, tal como lo requiere la Constitución de los Estados Unidos.

- ☐ For the Referred Law /
A Favor de la Ley referida
- ☐ Against the Referred Law /
En Contra de la Ley referida

**QUESTION 6
Referendum Petition
(Ch. 2 of the 2012 Legislative Session)
Civil Marriage Protection Act**

Establishes that Maryland's civil marriage laws allow gay and lesbian couples to obtain a civil marriage license, provided they are not otherwise prohibited from marrying; protects clergy from having to perform any particular marriage ceremony in violation of their religious beliefs; affirms that each religious faith has exclusive control over its own theological doctrine regarding who may marry within that faith; and provides that religious organizations and certain related entities are not required to provide goods, services, or benefits to an individual related to the celebration or promotion of marriage in violation of their religious beliefs.

**PREGUNTA 6
Petición de Referéndum
(Cap. 2 de la Sesión Legislativa del 2012)
Ley de Protección del Matrimonio Civil**

Establece que las leyes sobre matrimonio civil en Maryland permiten que las parejas de hombres y parejas de mujeres gay obtengan una licencia de matrimonio civil, siempre que no tengan algún otro impedimento para casarse; protege al clero de tener que celebrar una ceremonia matrimonial que vaya en contra de sus creencias religiosas; afirma que cada fe religiosa tiene control exclusivo sobre su propia doctrina teológica con respecto a quiénes pueden casarse dentro de esa fe; y dispone que no se requiere que las organizaciones religiosas y ciertas entidades relacionadas con ellas proporcionen a una persona bienes, servicios o beneficios relacionados con la celebración o promoción de un matrimonio que vaya en contra de sus creencias religiosas.

QUESTION 7
Gaming Expansion Referendum
(Ch. 1 of the Second 2012 Special Session)
Gaming Expansion

Do you favor the expansion of commercial gaming in the State of Maryland for the primary purpose of raising revenue for education to authorize video lottery operation licensees to operate "table games" as defined by law; to increase from 15,000 to 16,500 the maximum number of video lottery terminals that may be operated in the State; and to increase from 5 to 6 the maximum number of video lottery operation licenses that may be awarded in the State and allow a video lottery facility to operate in Prince George's County?

PREGUNTA 7
Referéndum sobre Expansión del Juego
(Cap. 1 de la Segunda Sesión Especial del 2012)
Expansión del Juego

¿Favorece usted la expansión del juego comercial en el Estado de Maryland con el propósito principal de aumentar los ingresos para educación que autorice licencias de operación de terminales de video lotería para operar "juegos de mesa" como se encuentra previsto por la ley; para aumentar de 15,000 a 16,500 el número máximo de terminales de video lotería que se puedan operar en el Estado; y para aumentar de 5 a 6 el número máximo de licencias de operación de terminales de video lotería que se puedan otorgar en el Estado y permitir que una instalación de video lotería funcione en el Condado de Prince George?

- ☐ **For the Additional Forms and Expansion of Commercial Gaming / A Favor de las Formas Adicionales de Expansión del Juego Comercial**
- ☐ **Against the Additional Forms and Expansion of Commercial Gaming / En Contra de las Formas Adicionales de Expansión del Juego Comercial**

QUESTION A
Charter Amendment by Act of County Council
Merit System - Hiring Individuals with Disabilities

Amend Section 401 of the County Charter to allow the County to operate a program within the merit system to recruit and select qualified individuals with severe physical and mental disabilities on a noncompetitive basis.

PREGUNTA A
Enmienda a los Estatutos del Acta del Consejo del Condado
Sistema de Mérito - Contratación de personas con discapacidades

Enmendar la Sección 401 de los Estatutos del Condado para permitir que el Condado implemente un programa dentro del sistema de mérito para seleccionar y contratar a personas con discapacidades físicas y mentales severas bajo un sistema no competitivo.

- ☐ **For / A Favor**
- ☐ **Against / En Contra**

QUESTION B
Referendum on Law Enacted by County Council
Effects Bargaining for Police Employees

Shall the Act to modify the scope of collective bargaining with police employees to permit the exercise of certain management rights without first bargaining the effects of those rights on police employees become law?

PREGUNTA B
Referéndum sobre la Ley Promulgada por el Consejo del Condado
Afecta las negociaciones de los Empleados de la Policía

¿Debería convertirse en ley el Acta para modificar la negociación colectiva con los empleados de la policía para poner en práctica ciertos derechos de administración sin tener primero que negociar los efectos de dichos derechos de los empleados de la policía?

- ☐ **For / A Favor**
- ☐ **Against / En Contra**

QUESTION C
General Assembly Referendum
Alcoholic Beverages Law for Damascus (12th Election District)

Repealing the prohibition on issuing licenses for alcoholic beverages in Damascus (12th Election District) and authorizing Class H licenses to be issued there to sell for on-site consumption beer and light wine in hotels and restaurants that meet certain conditions.

PREGUNTA C
Referéndum de la Asamblea General
Ley de Bebidas Alcohólicas para Damascus (12 Distrito Electoral)

Se deroga la prohibición de emitir licencias para bebidas alcohólicas en Damascus (12 Distrito Electoral) y autorizar las licencias Clase H que se proporcionarán allí para autorizar la venta para el consumo de cerveza y vino en los hoteles y restaurantes que cumplen cierta condiciones.

For Immediate Release: October 9, 2012

Public Testing of Electronic Vote Tabulation System

The Montgomery County Board of Elections will conduct a public parallel testing of the voting system to be used on Election Day on Monday, October 29 at the Elections Office, 18753 N. Frederick Avenue, Suite 107, Gaithersburg.

Anyone planning to attend is asked to call 240-777-8562.

Election Judges

The Montgomery County Board of Elections (BOE) hires approximately 4,000 Election Judges for the primary and general elections to staff nearly 250 polling places on Election Day. There are three different positions: Chief Judge, Voting Operations Judge, and Closer Judge. In addition to these positions we will also train 1,000 alternate Judges to serve as they are needed. Many of our current Judges have served in previous elections over the years and enjoy being a part of the political process.

Election Judge FAQ's

Q: Who is eligible to become a Judge?

A: Maryland registered voters as young as 17 (who will turn 18 on or before the next General Election) are eligible to serve. Eligible candidates must also be able to speak, read, and write in English.

Q: How can I become a Judge?

A: There are several ways:

1. *Sign up at your polling place.* There is a sign-up sheet posted on Election Day for those interested in serving at the next election.
2. *Contact a Recruiter.* BOE Recruiters explain the duties of Election Judges and prepare them to serve in future elections. Call the recruiters by phone at 240-777-8533 or via e-mail at electionjudge@montgomerycountymd.gov.

Q: Is training provided?

A: Yes, each Judge must attend a 3-5 hour training session. There is a stipend for training as well as for serving on Election Day. In addition, election judges receive an opportunity to review procedures in the week prior to the election at the Board of Elections' Office.

Other ways that the election Judges find out about serving include:

- ❖ County Websites: www.777vote.org & www.montgomerycountymd.gov
- ❖ Local newspapers and radio advertisements
- ❖ MVA when registering a vehicle
- ❖ BOE located at 18753 N. Frederick Avenue, Suite 210, Gaithersburg, MD 20879
- ❖ BOE's High School Registration Program*

**For more information regarding voter registration or the High School Registration program contact the Registration Division (240)777-8520*

What are the Election Judge Positions?

Voting Precincts are staffed with Election Judges selected from voters registered to vote in Maryland. Under Maryland law certain positions must be filled by an equal number of Election Judges affiliated with the major political parties. Election Judges affiliated with other parties or not affiliated with any party can also serve. In some cases 17 year olds who have submitted a registration application prior to their 18th birthday can serve as Election Judges. There are three types of judges whose duties are listed below:

Chief Judge: (2 per precinct) in conjunction with their partner perform the following duties:

1. Attend all required training(s)
2. Supervise all operations of the voting precinct to ensure each voter's right to cast a ballot in accordance with Maryland law
3. Maintain order in voting precinct and ensure that all election laws are observed
4. Pick up precinct supplies the weekend before the election (only one person is required)
5. Schedule and conduct a meeting of the entire Election Day voting precinct team the Monday evening before each election
6. Oversee the set up of the voting precinct on Monday evening before each election
7. Arrive at the voting precinct no later than 6:00 am on Election Day
8. Supervise and follow all required procedures for opening the voting precinct (this requires a minimum amount of technical expertise)
9. Possess a thorough understanding of all positions and their requirements, in order to fill-in during the day for others on break, assist voters with problems, and supervise the voting precinct team
10. Assist voters with special needs as requested
11. Supervise and follow all required procedures for closing the voting precinct, ensure that all required documentation is complete and assist in packing supplies
12. Ensure that all critical materials are given to the Closer Judges for return to the Board of Elections on Election Night
13. Release members of the team after all duties are complete

Voting Operations Judge: (Multiple positions per precinct) Perform the following duties, as assigned and directed by the Chief Judge:

1. Attend all required training
2. Attend the team meeting on Monday evening before each election
3. Arrive at the voting precinct no later than 6:00 am on Election Day
4. Assist with overall operations of the voting precinct as directed by the Chief Judge
5. Assist with the opening and closing of the voting precinct as needed
6. Process voters casting a Provisional Ballot by:
 - Safeguarding Provisional Ballots and related materials

- Ensuring provisional voters accurately complete their provisional ballot and all required documentation
 - Preparing all Provisional Voting documentation
7. Check in voters by:
- Preparing the Electronic Poll Books for Election Day use
 - Greeting Voters in a respectful and courteous manner
 - Using the Electronic Poll Books to qualify voters to use the electronic voting units, print Voter Authority Cards and encode the Voter Access Cards
 - Ensuring that each voter signs the required documentation
8. Assist voters in the voting process by:
- Managing voters waiting in line to use the electronic voting unit
 - Assisting voters with special needs, as requested
 - Escorting voters to the voting unit and answering voters' questions on how to vote on the voting unit

Closer Judge (Assistant Chief): (2 per precinct) In conjunction with their partner perform the following duties as assigned and directed by the Chief Judge:

1. Attend all required training
 2. Attend the team meeting on Monday evening before each election
 3. Arrive at the voting precinct no later than 6:30 pm on Election Day
 4. Assist with overall operations of the voting precinct as directed by the Chief Judge
 5. Under the supervision of the Chief Judge, close down the voting units after the polls close, prepare and post required reports and where appropriate transmit results to the Board of Elections via telephone modem. Help lift units on storage rack and lock down
 6. At the direction of the Chief Judge, verify and return ALL materials to the Board of Elections on Election night (requires two judges registered with different parties riding in one car)
 7. Must have transportation and be able to drive at night (cannot use public transportation)
 8. Must carry a cell phone and provide the number to the Board of Elections and Chief Judges
-

VOTE

VOTÉ

In 1992 federal legislation (Public Law 102-344) passed extending the minority language provisions of the Voting Rights Act of 1965. Any county with more than 10,000 residents whose native language is not English and who indicated on their U.S. census form a lack of proficiency in English is required to provide election materials in the identified languages. In Montgomery County these language requirements extend to Spanish.

In a continuous effort to reach voters whose first language is not English, "How To Vote" instructions are provided in Chinese, Vietnamese, Korean, and French. In addition, our department's website has been expanded to include information on voting services for persons requiring assistance in Spanish (the language mandated for translation in compliance with the U.S. Voting Rights Act).

Board of Elections Seeks Student Election Aides to Work for 2012 Presidential General Election

The Montgomery County Board of Elections is seeking school-age students, grades 6-12, to serve as Election Day student aides during the 2012 Presidential General Election, Tuesday, November 6, 2012. Students willing to serve in Burtonsville, Gaithersburg, Germantown, Olney, Rockville, and Silver Spring are currently needed.

Students and their guardians must attend mandatory training to serve on Election Day and, if applicable, to receive Student Service Learning (SSL) credits. Students are placed in neighboring precincts according to their home addresses. This initiative combines civic participation and the opportunity to observe democracy in action.

This program is available to all students within a public, private, independent, religious or home-school setting located in Montgomery County. U.S. citizenship is not a pre-requisite to participate. Students with bilingual and American Sign Language skills are encouraged to apply.

Interested parents/guardians can register their student(s) before October 1, 2012, online by visiting the Montgomery County Board of Elections' website at www.777vote.org. For additional information, email future.vote@montgomerycountymd.gov.

Q

ELECTION DAY/NIGHT

SPEED OF BALLOT COUNTING ELECTION NIGHT - HISTORICAL TRENDS

Early Voting results will be posted on the Board of Elections' website – www.777vote.org – on Election Day as soon after 8:00 p.m. as possible.

DO NOT EXPECT very many Election Day ballots to be counted before 10:30 p.m. Most precinct ballots do not begin to arrive at the Board of Elections in Gaithersburg until 10:30 p.m. - 11:00 p.m. Upon arrival, there are many check-in steps prior to tabulation (see "How do the ballots get to Gaithersburg?").

Montgomery County tabulates the vote using a central count system. There is tabulation at each precinct, with approximately 66% of the precincts using a modem to transmit results, but the balance must be driven to the Board of Elections. The security layers added to the voting system have reduced the speed of the modem transmission from the precincts requiring more results to be driven to the Board of Elections.

Historically for countywide general elections, approximately 86% of the ballots are counted by midnight on election night. We realize that media deadlines are often prior to midnight; however, we cannot count ballots until they physically arrive in Gaithersburg.

HOW DO THE BALLOTS GET TO GAITHERSBURG?

On election night, ballots from all voting precincts are brought to the Board's headquarters in Gaithersburg for tabulation.

- After the polls close at 8 p.m., the poll worker teams must complete the regulatory paperwork to balance the number of ballots cast with the number of voters signing in and account for the number of remaining unvoted ballots. Most precincts complete this function between 9:00-9:30 p.m.
- The results are transmitted via modem from approximately 66% of the voting precincts and the balance is driven to the Board of Elections. Precinct results are posted at all locations. Most precincts complete this function between 9:00 p.m. and 9:30 p.m.
- Then precinct officials from the precincts bring their ballots and critical supplies to Board of Elections, usually arriving between 9:30 – 12:30 p.m.
- Prior to tabulation, all ballot cards must be checked-in, taken out of their case, inspected, and prepared for counting. Ballot cards are moved into the computer

room in a continuous flow. There operators load the ballot cards into card readers. There are 20 counting stations, each with one card reader, for a total of 20 card readers.

Thousands of dedicated individuals are involved in ballot transport, preparation and tabulation. We appreciate the massive effort undertaken by our staff, our poll workers and our polling place hosts!

INCOMPLETE TABULATION

There are two categories of ballots which cannot be processed on Election Night:

- Absentee ballots
- Provisional ballots voted at the polls

ABSENTEE BALLOTS

State law requires Absentee ballot tabulation to begin on the Thursday after the election. All absentee ballots must be pre-processed before they are counted – this includes verifying every absentee voter prior to opening the absentee ballot envelopes to remove the ballots in preparation for the counting.

Paper ballot counting will take place at 10:00 a.m. every day beginning the first Thursday following the election. Therefore, the first optical scan count will be held on Thursday, April 5 (Primary) and November 8 (General) at 10:00 a.m. with our goal to have the majority of absentee ballots tabulated by Saturday, April 21 (Primary) and November 22 (General). However, due to the extra research required to validate provisional ballots, these ballots are usually the last to be tallied prior to the completion of the official canvass.

PROVISIONAL BALLOTS

Provisional ballots are voted at the polls when a voter's registration is in question, or when our records indicate the voter was already sent an absentee ballot. Provisional ballots are sealed in special envelopes at the polls and must be individually researched and verified at the Board's Office before ballots are counted or rejected in accordance with election laws.

We realize it is difficult for candidates/campaigns involved in close races to wait days and sometimes weeks to know whether or not they won or lost the election. However, we hope that the reasons for the delays in the final ballot tally have been explained fully in this memo. If you have any additional questions, please call Marjorie Roher at 240-777-8525.

WRAPPING UP THE ELECTION – CANVASSING AND RECONCILIATION

WHAT IS THE VOTE CANVASS?

The election canvass process is an internal reconciliation and is required by state law to ensure the accuracy of election results. Maryland election law allows 20 days for the conduct of the official canvass of final election results. The canvass begins on Thursday after the election and will be concluded no later than the second Monday after the election. All aspects of the canvass are open to public viewing. Prior to the canvass, provisional ballots are researched to determine eligibility. Eligibility recommendations are provided to the Board of Canvassers during the canvass and ballots are counted beginning on Thursday and every day until completed. The canvass concludes with the certification and issuance of official election results.

WHAT IS THE RECONCILIATION PROCESS?

At the same time the canvasses are being held additional staff begins the reconciliation process. The post-election, pre-certification assessment and reconciliation is a comparison of the number of votes cast on the voting machines to the number of persons with posted credit by precinct. The review requires local board of elections' staff to examine the mandatory paperwork completed by the election judge relating to the documentation from the electronic poll book and the voting units assigned to the precinct. Staff will validate documentation provided to election judges including the successful closing of the units used related to the precinct reporting of results. A thorough review is made of information from each precinct to identify human error by voters or election judges and to correct such errors in order to accurately record and report voter credit to meet State Board of Elections Certification Deadlines.

Why is the number of voters at check-in different than the number of votes on the machines?

A voter decides not to vote and leaves the Polling Place

The judges check-in the wrong voter by mistake

The voter ends up voting a Provisional Ballot

How do we reconcile the numbers so that they are an accurate reflection of what happened in the Polling Place?

Compare both databases (Voting Unit and Voter Credit)

Examine Polling Place Resources: Given the correct information we can adjust voter credit to reflect what actually happened

SUMMARY

Optical scan ballot counting of absentee and provisional ballots will occur in the days/weeks following the election. Based on past trends, the number of ballots remaining to be counted after election night is anticipated to exceed 10,000 countywide for this election cycle. These ballots are not segregated by district prior to counting. Therefore, the number of outstanding ballots for any specific electoral district will be unknown until the computer tallies these ballots. Our staff will be working extra shifts to prepare all outstanding ballots for tabulation.

Maryland law permits 20 days to complete the final, official canvass and certify the election results. This provision of the law recognizes the complexity of completing the ballot count and conducting a thorough reconciliation of the election results to ensure accuracy.

RECOUNT BY PETITION

The following information is from the Code of Maryland Regulations, §33.12.

§33.12.01.01 Scope

The procedures in this subtitle apply to the recount by petition of any election conducted under Election Law Article, Annotated Code of Maryland.

§33.12.01.02 Definitions

A. In this subtitle, the following terms have the meanings indicated.

B. Terms Defined.

- (1) "Petition" means a petition or counterpetition for a recount that is filed with Election Law Article, Title 12, Subtitle 1, Annotated Code of Maryland, and this subtitle.
- (2) "Recount" means the entire process of resolving a challenge to the vote reported for an election.
- (3) "Recount room" means the location designated by a local board for conducting a recount.

§33.12.02.01 Petition

A. Who May File.

(1) In a contest for public or party office:

(a) A candidate who, based on the certified results, was defeated in that election may petition for a recount, as provided in Election Law Article, §12-101, Annotated Code of Maryland; and

(b) An opposing candidate of the petitioner may counterpetition for a recount, as provided in Election Law Article, §12-102, Annotated Code of Maryland.

(2) In a contest for a question on the ballot:

(a) Any registered voter eligible to vote for that question may petition for a recount, as provided in Election Law Article, §12-103, Annotated Code of Maryland; and

(b) Any registered voter eligible to vote for that question may counterpetition for a recount, as provided in Election Law Article, §12-104, Annotated Code of Maryland.

B. Contents. The petition shall specify:

(1) Whether the recount is requested for:

- (a) All the precincts in which the contest was on the ballot, or
- (b) Only certain precincts, to be designated in the petition;

(2) Which of the recount methods authorized by this subtitle the petitioner selects to use; and

(3) The order in which the precincts named in the recount petition should be counted.

C. Where and When Filed. The petition shall be filed within the time and with the State Board or local board as specified in Election Law Article, Title 12, Subtitle 1, Annotated Code of Maryland.

D. Bond. The petition shall be accompanied by a bond, as provided in Election Law Article, §12-105, Annotated Code of Maryland.

E. Signature. The petition shall be signed by the person seeking the recount, as authorized by Election Law Article, Title 12, Subtitle 1, Annotated Code of Maryland, or that person's authorized agent.

1

OVERVIEW OF RECOUNT METHODS FOR ACCUVOTE VOTING SYSTEM

There are three recount options with the AccuVote voting system. All methods are cumulative and must be performed in the order as described below. Section 1 offers an overview of the recount options. Section 2 explains how to prepare for the recount, and sections 3, 4, and 5 explain the technical steps for each of the three recount options.

1.1

INTRODUCTION

There are three options for a recount.

Table 1-1: Overview of Recount Options

	Touch Screen	Optical Scan
	This process encompasses all votes cast at the precincts on election day and is performed on all Vote Centers that include the recount contest(s).	This process encompasses all votes cast on absentee ballots and provisional ballots and is performed on all ballots that include the recount contest(s).
Option 1: Upload Verification	100% upload of all AccuVote-TS PC Memory Cards that contain votes cast on election day.	100% upload of all AccuVote-OS Cards that contain all votes cast on absentee and provisional ballots.
Option 2: System Recount	Generate ballot images and perform a manual tally from the electronic ballot images stored on the GEMS database.	Rescan all absentee and provisional ballots. Print totals and compare with canvass results.
Option 3: Manual Recount	Print ballot images and perform a manual tally of the printed ballot images.	Perform a manual recount of all absentee and provisional ballots.

Overview of Maryland's Voting System

All voters in Maryland use the same voting system. Maryland uses a touchscreen voting system, also known as a Direct Recording Electronic (DRE), for polling place voting and an optical scan voting system for absentee and provisional voting. A DRE voting system was selected because of the many advantages that it offers over other voting systems.

DRE voting systems:

- Eliminate issues of voter intent.
- Prevent "overvotes" (i.e., when a voter votes for more candidates than allowed).
- Provide a voter with a summary of a voter's selections before casting a ballot.
- Allow most voters with disabilities to vote a secret ballot.
- Offer magnified ballots for voters with low vision.
- Offer a high contrast ballot for voters with color blindness.
- Accommodate multiple languages.

Accuracy

Maryland's DRE voting system is the most accurate system ever used in the state. In Maryland's 2004 General Election, only **0.3%** of the voters who voted did not have a vote recorded for President. This is a **40% reduction** from 2000 – the last election when optical scan and punchcard voting systems and mechanical lever machines were used for polling place voting in Maryland.¹

Voter Intent

With Maryland's touchscreen voting system, there are **no** issues of voter intent. The voter makes a selection and has the opportunity to review the selection before casting his or her vote. From the tests conducted on the voting units before each election, we are confident that the voting units accurately record voters' intent and include all votes cast in the tabulation.

With paper-based voting systems, election officials sometimes have to make determinations as to the candidate or ballot question response for which the voter intended to vote. If a voter erases a selection and makes another one or improperly marks the ballot, the scanning unit may not accurately read the ballot. In this case, election officials must review the voter's ballot and try to determine for what candidate or ballot question response the voter intended to vote.

Accessibility

The touchscreen voting system used in Maryland is accessible to most voters with disabilities. Using a headset and keypad, blind voters and voters with visual impairments are able to vote independently and secretly by listening to the ballot selections and making selections using the keypad. High contrast ballots and magnified or enlarged ballots are also available. For voters who prefer or need to sit while voting, the screen can be adjusted to accommodate this need. Future enhancements include a "sip and puff" device to allow voters with disabilities that prevent arm movement to vote independently and secretly.

(MORE)

¹ Maryland had the lowest voter error rate in the country in 2004. (See [Residual Vote in the 2004 Election, CalTech/MIT Voting Technology Project.](#))

State of Maryland

– Voting System

Security

Maryland's voting system has been studied more than any voting system in the United States and, as a result, is the most secure voting system in the country. Numerous security procedures and testing are conducted throughout the voting process, including:

- New systems and software are reviewed by a federally qualified independent testing authority (ITA). The ITA conducts a source code review of the software and sends the software directly to the Maryland State Board of Elections (SBE) for loading onto the voting units.
- Testing is conducted before every election and on **each** unit to test the functionality of the voting system with the ballot for the upcoming election.
- Tamper tape and seals are applied to the units after the ballots have been loaded to ensure that no unauthorized access to the machines occurred.
- Election officials are trained on procedures and background checks are conducted on election officials who have access to voting system.
- On Election Day, one randomly selected voting unit from each county is used to conduct parallel testing. Parallel testing, cited as a best practice by election administration and computer experts, is a method of testing an electronic voting unit by producing an independent set of results that can be compared against the results produced by the voting unit. The 2004 Election Day parallel test demonstrated the 100% accuracy of the State's voting system.

Did you know. . .

- Maryland's voting units and central tabulator are never connected to the Internet.
- Voting units are sealed from the time the ballots are loaded until election judges open them on Election Day morning.
- Tamper tape is used to deter unauthorized access and alert election officials of possible tampering.
- Votes are stored in two different places on each voting unit.
- Unofficial election results sent via modem on election night are not part of the official results.
- Official election results are loaded from the memory cards the day after the election.

Absentee and Provisional Voting

For absentee voting and provisional voting, voters use a paper-based optical scan voting system. With this system, a voter is issued a paper ballot and completes the oval next to the candidate or ballot question response for which the voter wants to vote. At the local board of elections, the ballot is fed into a scanning unit, which reads and tabulates the selections made by the voter.

SECURITY, ACCURACY, AND RELIABILITY OF MONTGOMERY COUNTY'S VOTING SYSTEM

INTRODUCTION

Montgomery County has been using the Premier Touchscreen electronic voting system since 2002. Premier's Touchscreen voting system is used throughout the State of Maryland. This document is provided for Montgomery County voters who have concerns regarding electronic voting systems and who want to know whether their vote cast on an electronic voting device is safe and secure without a "voter-verified paper audit trail." The information provided in this document can provide confidence to the vast majority of Montgomery County voters that their vote will be accurately counted and reported by our voting system.

While no voting system is perfect, studies show that electronic voting systems offer the most accurate and secure method of voting available:

- It is impossible to "overvote" (vote for more candidates than can be elected).
- Voters are immediately able to completely correct a vote for the wrong candidate.
- Voters must view a summary screen of all races and measures before casting the ballot – this gives an opportunity to review and change their choices before a vote is cast.
- Voters are alerted to un-voted or under-voted races on the summary screen.
- It eliminates ambiguity regarding voter intent.
- Electronic voting systems have been shown to eliminate racial and language gaps found in the documented error rates of paper-based voting systems (including optical scan).
- Votes are redundantly stored in multiple physical memory locations to preserve election results in the event of equipment failure.

It is also important to remember that voting equipment is only one component of an overall election system that includes citizen involvement, transparency, external security measures, management policies and procedures, and professional election officials. All of these people, procedures, and technologies work together to ensure reliable and trustworthy election results.

WHY WE REPLACED OUR ELECTION DAY VOTING SYSTEM

The Help America Vote Act of 2002 (HAVA) required the state to supply each polling place by January 1, 2006, with a voting system that is accessible for individuals with disabilities, including non-visual accessibility for the blind and visually impaired so that

these voters can cast ballots in a manner that provides the same opportunity for privacy and independence as other voters. The handicapped-accessible units in each polling place on Election Day meet this requirement.

HISTORY OF ELECTRONIC VOTING SYSTEMS

Electronic voting systems have been used in jurisdictions throughout the United States since the 1970's. According to the American Association of People with Disabilities, "In almost four decades, not a single case of election fraud due to tampering of a system's hardware or software has occurred. Comparably, in the last 40 years, hundreds of cases of election fraud involving paper have occurred and been successfully prosecuted." Electronic voting machines are very reliable and have multiple redundant features to capture and store votes accurately.

DESIGN OF THE PREMIER TOUCHSCREEN VOTING SYSTEM

EQUIPMENT SAFEGUARDS AGAINST UNAUTHORIZED ACCESS

The Touchscreen system includes both physical and electronic intrusion detection controls, such as numbered seals (commonly used in elections), and time-stamped transaction logs that record every system action related to the voting process. Data cannot be inserted or altered by unauthorized personnel because the database structure is proprietary and is protected by encrypted passwords determined by the State Board of Elections' Administrator.

CLEAR AUDIT TRAIL

Each component of the Touchscreen voting system creates an audit record every time it is accessed or information is changed. All audit records can be extracted and printed in hard copy. All audit reports, audit trail documents, databases, and election reports can be archived in hard copy and/or saved electronically to CD-ROM to preserve information as required by the Election Code. Ballot images are captured of each vote cast. These ballot images can be printed after the election if a candidate in the election requests a manual recount.

VOTING SYSTEMS CERTIFICATION & INDEPENDENT TESTING

FEDERAL CERTIFICATION TESTING

Voting system certification standards employed in Maryland are among the most stringent in the nation. The voting system certified for use in Maryland must comply with the Federal Voting System Standards promulgated by the Federal Election Commission. An Independent Testing Authority (ITA) selected and approved by the

National Association of State Election Directors (NASSED) rigorously tests each voting system's hardware, firmware, and software for compliance with the Federal Voting System Standards. Voting systems certified by the ITA are issued a NASSED Qualified Identification number to show that they meet or exceed the Federal Voting System Standards.

STATE CERTIFICATION TESTING

In addition, Maryland election law requires the Election Administrator to certify the state voting system. The Election Administrator's testing involves a team of six examiners. The Election Administrator appoints four examiners, one of whom must be a full-time employee of the Maryland State Board of Elections. The Attorney General appoints two examiners, one of whom must be a full-time employee of the Office of the Attorney General. Two of the Election Administrator's appointees must have demonstrated ability and experience in mechanics or electronics appropriate to the system or equipment to be examined, and two of the Election Administrator's appointees must have demonstrated knowledge of and experience in election law and procedure. Before the Maryland examination of a voting system, the system must be tested by a Nationally Recognized Test Laboratory (NRTL) and shall meet or exceed the minimum requirements set forth in the Performance and Test Standards for Punch Card, Mark Sense, and Direct Recording Electronic Voting Systems, or in any successor voluntary standard document developed and promulgated by the Federal Election Commission.

Voting systems vendors must submit each hardware, firmware, and/or software update to the ITA and the Election Administrator for testing in order to maintain their voting system's certification.

VOTING SYSTEM TRANSPARENCY – TESTING, TESTING, TESTING . . .

LOGIC AND ACCURACY TESTING

The accuracy of electronic voting devices are tested by "Logic and Accuracy" testing before and after each election as required by the Election Code to make certain that the voting system is working properly. Votes from a hand-marked paper ballot are entered into the electronic voting devices. Printed totals from the electronic system are then compared to the hand-counted results. Additional functional tests are performed manually on each voting device. The schedule of Logic and Accuracy testing and functional testing is posted in advance of each election, and these testing sessions are open to the public.

In addition, the Touchscreen voting system prints a "zero report" when the machines are opened and powered-up at the polling place to document that there are no prior votes stored within the system.

PARALLEL TESTING OF VOTING EQUIPMENT

Parallel testing of voting equipment involves the random testing of production voting devices on Election Day by the State Board of Elections. Voting units are selected at random. The selected voting device(s) are taken to the State Board of Elections and then used for additional logic and accuracy testing.

OTHER SECURITY MEASURES AND PROCEDURES

SECURITY AT THE COUNTY ELECTIONS OFFICE

An upgrade of physical security features was conducted within the Board of Elections including video surveillance of all areas of the office where voting equipment is to be stored and rooms where ballot origination computers and election tabulation computers are located. Access into certain secure areas (where ballot origination and tabulation computers are kept) is limited to key Election staff members.

SECURITY AT THE POLLING PLACE

Voting devices are delivered to the polling places several days before Election Day. They are kept in a secure location at each polling place until Election Day. Each voting unit is stored inside a locked, secure case and sealed with a numbered seal to prevent unauthorized access. The presiding election judge is required to verify that the correct seals are intact on the voting devices and to certify this information on a chain-of-custody log before the equipment may be opened and used in the election.

OTHER MANAGEMENT AND OPERATIONAL PROCEDURES

Internal management and operational procedures are crucial to the success and reliability of any voting system, including our previous voting systems. The following procedures will be carried forward or instituted:

- An audit of each precinct's electronic tally of the number of votes cast is conducted against the number of signatures in the precinct's poll book roster.
- Polling place officials are required to certify in writing that the proper locks and seals were found to be intact on the voting equipment before the polls open.
- Polling place officials are required to print and keep a "zero tape" from the voting system before the polls open to ensure that no votes have been pre-loaded into the system.
- A physical inventory of all voting devices is conducted before and after each election to ensure custody of all voting devices is maintained.
- All election judges, early voting workers, county Election staff, and central counting workers undergo extensive training in both voting equipment operation and election law/procedure.

- Bi-partisan staffing is encouraged and employed to the extent possible at Election Day polling places and the central counting station.

WHY CAN'T A PAPER RECORD BE PROVIDED?

Neither Federal Election law nor the Maryland Election Code requires electronic voting systems to produce a paper record commonly referred to as a “contemporaneous paper record” (CPR) or “voter-verified paper audit trail” (VVPAT). Proposed legislation on the state and federal levels that would require a CPR has been previously submitted but has failed due to a lack of wide bipartisan support.

SUMMARY REMARKS

Montgomery County's voting equipment is only one component of an overall election system that includes citizen involvement, transparency, external security measures, management policies and procedures, and professional election officials. All of these people, procedures, and technologies work together to ensure reliable and trustworthy election results.

The Montgomery County Board of Elections is keenly aware that it has front-line responsibility for the integrity of the voting process. We have a commitment to each Montgomery County voter, taxpayer, candidate, elected official, and citizen that each vote is correctly tabulated and reported.

Questions, comments, or concerns regarding the voting process should be submitted in writing to:

Margaret A. Jurgensen, Election Director
Montgomery County Board of Elections
18753 N. Frederick Avenue, Suite 210
Gaithersburg, Maryland 20879
